The "PO Status" column reflects the point in time processing stage for the listed purchase order (PO). POs listed here may or may not result in a complete purchase order (they can be canceled). Some POs are estimates of cost and others may not result in all of the goods/services being received; therefore, the total dollars can be less than those committed to on the PO. Some POs will have multiple vendors, but this report can only reflect the first vendor listed. *Data Source: BuySpeed*
